

TO WHOM IT MAY CONCERN

We have enjoyed a business relationship with BEE Empowered and Labour Consultancy CC, who have attended to the BEE Verification of our Company, for the last five years.

Their extensive knowledge and understanding of the Broad-Based Black Empowerment Act 53 of 2003 enables them to deliver a fast, friendly and well-informed professional service to their clients.

We have no hesitation in recommending their services to any Company in need of BEE Verification.

Yours faithfully,
